PROJECTS

Human Resource Management Portal, Lagos State College of Medicine Link

<div align="right">Jul '22 — Sep '24
Lagos, Nigeria</div>

- The LASUCOM Human Resource Portal is a digital platform developed for the Lagos State University College of Medicine (LASUCOM) to manage and streamline its human resource operations. It serves as a centralized system for handling staff-related processes efficiently and securely. This includes;

  Staff Information Management: Secure database for storing and updating employee personal details, academic records, work history, and credentials.

  Leave and Attendance Tracking: Allows employees to apply for leave, track approvals, and manage attendance records digitally.

  Recruitment Management: Supports job postings, online applications, and candidate evaluations to streamline the hiring process.

  Performance Appraisal: Facilitates staff evaluations, feedback collection, and performance reviews to support professional development.

  Payroll Integration: May include features for salary administration, payment history, tax information, and pension contributions.

  Document Management: Centralized access to official HR documents, policies, employment letters, and circulars.
